Hi Doug - See agenda for tomorrow's call below. The purpose is to follow-up/advance the items discussed during our previous calls in October.

- I. Groundwater
- II. NAPL
- III. Recap/Summary
- IV. Open Discussion

Hi Janet

That is good news.

Yes. We are available.

Could you ask Grid to provide an agenda that provides some indication as to what they will be presenting?

Thank you

Doug

Importance: High

Doug - I'm awaiting final confirmation from Grid's team, but it sounds like Grid and DEC's team could be on a call this Friday, 11/12, from 12:30-3:30 pm. I will send along final confirmation once I hear back from Grid. Based on the below, I trust that EPA's team is available at that time?

Thx,
Janet

Hi Janet

Joel just informed me that Christos' plans changed and EPA and Jacobs can be available this Friday the 8th within the 11-3 time frame.

Can DEC and Grid still make it?

Hi Joel,

Since you're consultants are available, I'm assuming the intent is the large group – i.e., EPA, EPA consultants, Grid, Grid consultants and DEC? I am already booked the afternoon of 11/8. DEC has availability from 8:30-10 am on Wed, 11/10 and from 8:30-3 pm on Friday, 11/12, but I would also have to check with Grid on their availability/readiness to further our discussions. Please LMK the availability of your team for the 11/10 and 11/12 time slots.

Thx,
Janet

Doug suggested that a follow up meeting might be appropriate. If you agree, EPA and its contractor are available 1:30-3:30 pm on 11/8. Does that work for you?
